the model rules of professional conduct provides an up to date resource for information on legal ethics federal state and local courts in all jurisdictions look to the rules for guidance in solving lawyer malpractice cases disciplinary actions disqualification issues sanctions questions and much more in this volume black letter rules of professional conduct are followed by numbered comments that explain each rule s purpose and provide suggestions for its practical application the rules will help you identify proper conduct in a variety of given situations review those instances where discretionary action is possible and define the nature of the relationship between you and your clients colleagues and the courts

Students' Expenses 2015-08-05

a wall street journal bestseller you can t really know anything if you just remember isolated facts if the facts don t hang together on a latticework of theory you don t have them in a usable form you ve got to have models in your head charlie munger investor vice chairman of berkshire hathaway the world s greatest problem solvers forecasters and decision makers all rely on a set of frameworks and shortcuts that help them cut through complexity and separate good ideas from bad ones they re called mental models and you can find them in dense textbooks on psychology physics economics and more or you can just read super thinking a fun illustrated guide to every mental model you could possibly need how can mental models help you well here are just a few examples if you ve ever been overwhelmed by a to do list that s grown too long maybe you need the eisenhower decision matrix to help you prioritize use the 5 whys model to better understand people s motivations or get to the root cause of a problem before concluding that your colleague who messes up your projects is out to sabotage you consider hanlon s razor for an alternative explanation ever sat through a bad movie just because you paid a lot for the ticket you might be falling prey to sunk cost fallacy set up forcing functions like standing meeting or deadlines to help grease the wheels for changes you want to occur so the next time you find yourself faced with a difficult decision or just trying to understand a complex situation let super thinking upgrade your brain with mental models
