Charles Abel 1996 sir james dewar was a major figure in british chemistry for around 40 years he held the posts of jacksonian professor of natural philosophy at cambridge 1875 1923 and fullerman professor of chemistry at the royal institution 1877 1923 and is remembered principally for his efforts to liquefy hydrogen successfully in the field that would come to be known as cryogenics his experiments in this field led him to develop the vacuum flask now more commonly known as the thermos and in 1898 he was the first person to successfully liquefy hydrogen a man of many interests he was also with frederick abel the inventor of explosive cordite an achievement that involved him in a major legal battle with alfred nobel indeed dewar s career saw him involved in a number of public quarrels with fellow scientists he was a fierce and sometimes unscrupulous defender of his rights and his claims to priority in a way

that throws much light on the scientific spirit and practice of his day this the first scholarly biography of dewar seeks to resurrect and reinterpret a man who was a giant of his time but is now sadly overlooked in so doing the book will shed much new light on the scientific culture of the late nineteenth and early twentieth centuries and the development of the field of chemistry in britain

**Dr. Baker's Appeal to the Public from the Decision of the Classis of Cayuga, as published in the Christian Intelligencer, Feb. 27th, 1845** 1845 people like us have different rights

different values than do ordinary people because we have different needs which put us above their moral standards modigliani amedeo beloved of god modigliani was considered to be the quintessential bohemian artist his legend almost as infamous as van gogh s in modigliani s time his work was seen as an oddity contemporary with the cubists but not part of their movement his work was a link between such portraitists as whistler sargent and toulouse lautrec and that of the art deco painters of the 1920s as well as the new approaches of gauguin cézanne and picasso jean cocteau called modigliani our aristocrat and said there was something like a curse on this very noble boy he was beautiful alcohol and misfortune took their toll on him in this major new biography meryle secrest one of our most admired biographers whose work has been called enthralling the wall street journal rich in detail scrupulously researched and sympathetically written the new york review of books now gives us a fully realized portrait of one of the twentieth century s master painters and sculptors his upbringing a sephardic jew from an impoverished but genteel italian family his going to paris to make his fortune his striking good looks how beautiful he was my god how beautiful said one of his models his training as an artist and his influences including the italian renaissance particularly the art of botticelli nietzsche s theories of the artist as Übermensch divinely endowed divinely inspired the monochromatic backgrounds of van gogh and cézanne the work of the romanian sculptor brancusi and the primitive sculptures of africa and oceania with their simplified masklike triangular faces elongated silhouettes puckered lips low foreheads and heads on exaggeratedly long necks we see the ways in which modigliani s long kept secret illness from tuberculosis it almost killed him as a young man affected his work and his attitude toward life how consumption caused him to embrace fatalism and idealism creativity and death and how he used alcohol and opium with laudanum as an antispasmodic to hide the symptoms of the disease and how because of it he came to be seen as a dissolute alcoholic and throughout we see the paris that modigliani lived in a city in dynamic flux where art was still a noble cause how modigliani became part of a life in the streets and a world of art and artists then in a transforming revolution monet cézanne degas renoir et al and others more radical matisse derain etc all living within blocks of one another secrest s book written with unprecedented access to letters diaries and photographs never before seen is an extraordinary revelation of a life lived in art here is modigliani the man and the artist seemingly shy delicate a man on a desperate mission masquerading as an alcoholic cheating death again and again and calculating what he had to do in order to go on working and concealing his secret
