Colorado Trail, Collegiate Loop 2017-06-07

waterproof tear resistant topographic map the colorado trail collegiate loop topographic map guide has been designed as the perfect traveling companion when navigating the collegiate loop section of the colorado trail in 2012 the 83 mile collegiate west route was added to the colorado trail as an alternate route to the collegiate east section creating the approximately 163 mile collegiate loop the collegiate loop topographic map guide starts at the top end of the loop near twin lakes reservoir the trail tracks south along the eastern slope of sawatch range under the watchful gaze of several 14ers fourteen thousand foot peaks until it joins the continental divide trail near monarch the trail then turns north along the west side of the sawatch range as it crisscrosses the continental divide until finally finishing the loop back at twin lakes reservoir each page is centered on the trail and overlaps with adjacent pages so there is little chance of getting lost along the bottom of each page is a trail profile that shows the distance between passes camping areas and trail access points the map and trail profile provide a step by step visual guide to hiking the trail mile by rugged mile expertly researched and created in partnership with local land management agencies including the colorado trail foundation this map guide provides detailed topographic maps interesting history a 15 day itinerary and a resupply location chart shows distances and services available at each resupply point more convenient and easier to use than folded maps but just as compact and lightweight national geographic s topographic map guide booklets are printed on backcountry tough waterproof tear resistant paper with stainless steel staples a full utm grid is printed on the map to aid with gps navigation map scale 1 75 000 folded size 4 25 x 9 38
