a canadian playwright's rise to fame amid the terrors of the aids era brad fraser suffered an impoverished and abusive childhood living with his teenage parents in motel rooms and shacks on the side of the highway in alberta and northern british columbia he grew to be one of the most celebrated and controversial canadian playwrights his work produced to acclaim all over the world all the rage chronicles brad fraser's rise as he breaks with his past and enrolls as a performing arts student he is pulled into the newly developing canadian theatre scene where he shows great promise but his early career is one of challenge after challenge some of which result from his upbringing and prejudice against his queerness but just as many challenges arise from his combative personality and willingness to challenge the establishment few canadian artists have been as abrasive notorious and polarizing as fraser was in his youth woven through this tale of artistic development is his journey as a queer man coming into himself during the most exhilarating period in the gay liberation movement and the dawn of a global health crisis what should have been a triumphant time in a young successful playwright's life was blighted with the terrifying emergence of aids and the sickness and death of comrades and lovers this is both the story of an artist's evolution and an important work of gay history that has rarely been recounted from a canadian perspective written with fraser's trademark wit and candour all the rage is unsparing sometimes shocking and always enthralling

All the rage

2007

from the bestselling author of public enemies and the big rich an explosive account of the decade long battle between the fbi and the homegrown revolutionary movements of the 1970s the weathermen the symbionese liberation army the faln the black liberation army the names seem quaint now when not forgotten altogether but there was a stretch of time in america during the 1970s when bombings by domestic underground groups were a daily occurrence the fbi combated these groups and others as nodes in a single revolutionary underground dedicated to the violent overthrow of the american government the fbi's response to the leftist revolutionary counterculture has not been treated kindly by history and in hindsight many of its efforts seem almost comically ineffectual if not criminal in themselves but part of the extraordinary accomplishment of bryan burrough's days of rage is to temper those easy judgments with an understanding of just how deranged these times were how charged with menace burrough re creates an atmosphere that seems almost unbelievable just forty years later conjuring a time of native born radicals most of them nice middle class kids smuggling bombs into skyscrapers and detonating them inside the pentagon and the u s capitol at a boston courthouse and a wall street restaurant packed with lunchtime diners radicals robbing dozens of banks and assassinating policemen in new york san francisco atlanta the fbi encouraged to do everything possible to undermine the radical underground itself broke many laws in its attempts to bring the revolutionaries to justice often with disastrous consequences benefiting from the extraordinary number of people from the underground and the fbi who speak about their experiences for the first time days of rage is filled with revelations and fresh details about the major revolutionaries and their connections and about the fbi and its desperate efforts to make the bombings stop the result is a mesmerizing book that takes us into the hearts and minds of homegrown terrorists and federal agents alike and weaves their stories into a spellbinding secret history of the 1970s

in former delta force operator and new york times bestseller brad taylor's latest pike logan thriller the taskforce must stop their most devastating threat yet a weapon of mass destruction the taskforce is used to being the hunter but this time they're the hunted intent on embroiling the us in a quagmire that will sap its economy and drain its legitimacy russia passes a potential weapon of mass destruction to boko haram an extreme islamic sect in nigeria a relic of the cold war the russian fsb believes the weapon has deteriorated and is no longer effective but they are wrong boko haram has the means for mass destruction which will be set loose upon a multitude of unsuspecting innocents on one of the world's grandest stages trying to solve the riddle of who might be stalking them pike logan and the taskforce have no idea what's been set in motion but there's another secret from the cold war buried in the russian fsb and exposing it will mean the difference between life and death not only for pike and his partner jennifer but for perhaps millions more around the globe

Days of Rage

2014

anger has a bad reputation many people think that it is counterproductive distracting and destructive it is a negative emotion many believe because it can lead so quickly to violence or an overwhelming fury and coming from people of color it takes on connotations that are even more sinister stirring up stereotypes making white people fear what an angry other might be capable of doing when angry and leading them to turn to hatred or violence in turn to squelch an anger that might upset the racial status quo

The Case for Rage

2021-10-04

while ancient civilizations worshipped strong active emotions modern societies have favored more peaceful attitudes especially within the democratic process we have largely forgotten the struggle to make use of thymos the part of the soul that following plato contains spirit pride and indignation rather christianity and psychoanalysis have promoted mutual understanding to overcome conflict through unique examples peter sloterdijk the preeminent posthumanist argues exactly the opposite showing how the history of western civilization can be read as a suppression and return of rage by way of reinterpreting the iliad alexandre dumas's count of monte cristo and recent islamic political riots in paris sloterdijk proves the fallacy that rage is an emotion capable of control global terrorism and economic frustrations have rendered strong emotions visibly resurgent and the consequences of violent outbursts will determine international relations for decades to come to better respond to rage and its complexity sloterdijk daringly breaks with entrenched dogma and constructs a new theory for confronting conflict his approach acknowledges and respects the proper place of rage and channels it into productive political struggle

Rage and Time

2010-04-21

in a secret society where human medical experimentation is conducted at any cost there are bound to be mistakes behind the protective walls of the colony layla is growing restless the colony is filled with secrets and james has been keeping her in the dark so when a woman from her youth opens a crack into her past layla discovers everything she believed about the colony has been a lie even the baby she carries burdened with an unnerving pregnancy and tormented by terrifying hallucinations and blackouts she sets out to uncover the unspeakable truths inside the colony's walls outside in the poisoned world the virus has killed millions and devastated the economy but investigative reporter nick slater is determined to find and expose the illegal biohacking ring that's snatching young people from the impoverished streets when he's framed for arson and forced into hiding his only chance of getting the

story is to join the unsuspecting victims herded onto buses and swept off into the night as nick risks his life barreling toward the truth and layla struggles to constrain the invasive life growing inside her a new evolved breed of humans is about to be unveiled a gripping at times terrifying story that moves at the speed of light with clever and crafty characters whose motives and allegiances make it exciting to decipher the good guys from the bad hunt knows how to keep a story moving finishing so many chapters with the type of jaw dropper that compels you to keep going without a break booktrib an involving twisty and well written thriller that s both thought provoking and entertaining the tale closes with some very unexpected surprises for readers giving a huge boost to the story s overall intrigue kirkus reviews hunt has written a chilling dystopia the plot never lags moving quickly from one shocking discovery to the next this well written medical mystery combining the best elements of thriller and sci fi is perfect for fans of twist endings and moral quandaries booklife

The Rage Colony

2020-10-31

the startling new science behind sudden acts of violence and the nine triggers this groundbreaking researcher has uncovered we all have a rage circuit we can t fully control once it is engaged as r douglas fields phd reveals in this essential book for our time the daily headlines are filled with examples of otherwise rational people with no history of violence or mental illness suddenly snapping in a domestic dispute an altercation with police or road rage attack we all wish to believe that we are in control of our actions but the fact is in certain circumstances we are not the sad truth is that the right trigger in the right circumstance can unleash a fit of rage in almost anyone but there is a twist essentially the same pathway in the brain that can result in a violent outburst can also enable us to act heroically and altruistically before our conscious brain knows what we are doing think of the stranger who dives into a frigid winter lake to save a drowning child dr fields is an internationally recognized neurobiologist and authority on the brain and the cellular mechanisms of memory he has spent years trying to understand the biological basis of rage and anomalous violence and he has concluded that our culture s understanding of the problem is based on an erroneous assumption that rage attacks are the product of morally or mentally defective individuals rather than a capacity that we all possess fields shows that violent behavior is the result of the clash between our evolutionary hardwiring and triggers in our contemporary world our personal space is more crowded than ever we get less sleep and we just aren t as fit as our ancestors we need to understand how the hardwiring works and how to recognize the nine triggers with a totally new perspective engaging narrative and practical advice why we snap uncovers the biological roots of the rage response and how we can protect ourselves and others

Why We Snap
