this book argues that early European Commission officials envisaged an integrated civil Europe from the outset largely overlooked is the fact that between 1951 and 1972 there was a group of European Commission and before that the High Authority officials who wished to build a civil Europe to sit alongside an economic and political Europe this civil Europe was it was hoped to become home to a European citizenry equipped with a European civil consciousness that complemented their national and local loyalties to this end these officials pioneered a series of civil initiatives designed to begin the process of building civil Europe this book analyses three such civil initiatives the building of the first European school the European Community's participation in Expo 58 and the production of the European Community's own documentaries from the start Europe was designed and conceived of in terms of a European general civil public and not solely in terms dictated by economic and political interests

## ***Negotiating Europe 2013-12-18***

the book explores the promotion of Europeanness which aims to arouse feelings of belonging to the European Union it demonstrates that the promotion of Europeanness at the EU level does not constitute an overarching identity policy that imposes a homogenous interpretation of European identity rather it is a process of negotiation in which various entrepreneurs of Europeanness within and outside the EU institutions invent and communicate representations of Europe both the negotiation and the multilayered representations of Europe that it produces are investigated through three case studies the Academia and the historians European heritage and the iconography of the Euro

the problem that gives rise to this book is dissatisfaction with social science and social research as instruments of social problem solving policy makers and other practical problem solvers frequently voice disappointment with what they are offered and many social scientists and social researchers think they should be more drawn upon more useful and more influential out of the discontent have come numerous diagnoses and prescriptions this thoughtful contribution to the discussion provides an agenda of basic questions that should be asked and answered by those who are concerned about the impact of social science and research on real life problems in general cohen and lindblom believe that social scientists are crippled by a misunderstanding of their own trade and they suggest that the tools of their trade be applied to the trade itself social scientists do not always fully appreciate that professional social inquiry is only one of several ways of solving a problem they are also often engaged in a mistaken pursuit of authoritativeness not recognizing that their contribution can never be more than a partial one cohen and lindblom suggest that they reexamine their criteria for selecting subjects for research study their tactics as compared to those of policy makers and consider more carefully their role in relation to other routes to problem solving to stimulate further inquiry into these fundamental issues they also provide a comprehensive bibliography

france s new deal is an in depth and important look at the remaking of the french state after world war ii a time when the nation was endowed with brand new institutions for managing its economy and culture yet as philip nord reveals the significant process of state rebuilding did not begin at the liberation rather it got started earlier in the waning years of the third republic and under the vichy regime tracking the nation s evolution from the 1930s through the postwar years nord describes how a variety of political actors socialists christian democrats technocrats and gaullists had a hand in the construction of modern france nord examines the french development of economic planning and a cradle to grave social security system and he explores the nationalization of radio the creation of a national cinema and the funding of regional theaters nord shows that many of the policymakers of the liberation era had also served under the vichy regime and that a number of postwar institutions and policies were actually holdovers from the vichy era minus the authoritarianism and racism of those years from this perspective the french state after the war was neither entirely new nor purely social democratic in inspiration the state s complex political pedigree appealed to a range of constituencies and made possible the building of a wide base of support that remained in place for decades to come a nuanced perspective on the french state s postwar origins france s new deal chronicles how one modern nation came into being
