the leading anthology now more relevant than ever

American political thought: A Norton anthology 2009

this authoritative and comprehensive new anthology presents key works in american political thought from the colonial period to the twenty first century

American Political Thought 2009

with this book isaac kramnick adds a strong voice to the lively debate about the nature of political ideology in eighteenth century england and america whereas the now dominant republican thesis sees liberal ideology as virtually irrelevant in an age of civic commitment to a moral public order kramnick makes a strong case for a thriving liberalism in the anglo american world at the time of the american and french revolutions in his view both ideologies flourished during this period and it is unwise to see one as the exclusive paradigm in which eighteenth century political discourse took place in short he proposes to the republican school a scholarly truce

Studyguide for American Political Thought by Isaac Kramnick, ISBN 9780393928860 2014-01-01

the godless constitution is a ringing rebuke to the religious right s attempts fueled by misguided and inaccurate interpretations of american history to dismantle the wall between church and state erected by the country s founders the authors both distinguished scholars revisit the historical roots of american religious freedom paying particular attention to such figures as john locke roger williams and especially thomas jefferson and examine the controversies up to the present day over the proper place of religion in our political life with a new chapter that explores the role of religion in the public life of george w bush s america the godless constitution offers a bracing return to the first principles of american governance

Princeton Readings in Political Thought 2018-07-31

behind this study lie two questions why is bolingbroke known primarily as a rationalist philosopher of the enlightenment so worshipped by english conservatives who are themselves since burke so set against what the enlightenment represents in political social and religious thought the second question relates to bolingbroke s public life how does one explain the intense animosity between bolingbroke and walpole which provides the energy for english political life between 1725 and 1740 is it mere vindictiveness ambition jealousy or the inevitable reflex of the outsider against the insider or is it as the late victorian writers thought their falling out at eton which forever fated them to be protagonists from the preface

The Godless Constitution 1997

a collection of thirteen essays on american political thought

Bolingbroke and His Circle 2018-09-05

the fifth edition of michael l morgan s classics of moral and political theory broadens the scope and increases the versatility of this landmark anthology by offering new selections from aristotle s politics aquinas disputed questions on virtue and treatise on law as well as the entirety of locke s letter concerning toleration kant s to perpetual peace and nietzsche s on the advantage and disadvantage of history for life

Essays in the History of Political Thought 1969

the age of enlightenment of the 18th century also called the age of reason was so named for an intellectual movement that shook the foundations of western civilization in championing radical ideas such as individual liberty and an empirical appraisal of the universe through rational inquiry and natural experience enlightenment philosophers in europe and america planted the seeds for modern liberalism cultural humanism science and technology and laissez faire capitalism this volume brings together works from this era with more than 100 selections from a range of sources it includes examples by kant diderot voltaire newton rousseau locke franklin jefferson madison and paine that demonstrate the pervasive impact of enlightenment views on philosophy and epistemology as well as on political social and economic institutions

The Age of Ideology 1979

american political thought readings and materials presents a diverse collection of writings speeches judicial opinions and other political documents offering an introduction to the controversies and disputes that have mobilized americans since the first settlements in north america ranging from the colonial era to the present day and featuring both traditional readings and lesser known documents this reader takes a historical approach that helps students see how political economic and social conditions led to the development of specific political ideas each chapter includes a substantial introduction and each reading is enriched by headnotes and discussion questions visit the companion website at global.oup.com/us/companionwebsites/9780199338863 for additional readings and materials

Rage Of Edmund Burke 1977-08-16

if the first amendment to the u s constitution protects religious liberty why doesn t it protect atheists god occupies our nation s consciousness even defining to many what it means to be american nonbelievers have often had second class legal status and have had to fight for their rights as citizens as r laurence moore and isaac kramnick demonstrate in their sharp and convincing work avowed atheists were derided since the founding of the nation even thomas paine fell into disfavor and his role as a patriot forgotten popular republican robert ingersoll could not be elected in the nineteenth century due to his atheism and the suffragette elizabeth cady stanton was shunned when she questioned biblical precepts about women s roles moore and kramnick lay out this fascinating history and the legal cases that have questioned religious supremacy it took until 1961 for the supreme court to ban religious tests for state officials despite article 6 of the constitution still every one of the fifty states continues to have god in its constitution the authors discuss these cases and more current ones such as burwell v hobby lobby stores inc which address whether personal religious beliefs supersede secular ones in godless citizens in a godly republic the authors also explore the dramatic rise of an atheist awakening and the role of organizations intent on holding the country to the secular principles it was founded upon

Redeeming American Political Thought 1998-01-19

in their history of cornell since 1940 glenn c altschuler and isaac kramnick examine the institution in the context of the emergence of the modern research university the book examines cornell during the cold war the civil rights movement vietnam antiapartheid protests the ups and downs of varsity athletics the women s movement the opening of relations with china and the creation of cornell nyc tech it relates profound fascinating and little known incidents involving the faculty administration and student life connecting them to the cornell idea of freedom and responsibility the authors had access to all existing papers of the presidents of cornell which deeply informs their respectful but unvarnished portrait of the university institutions like individuals develop narratives about themselves cornell constructed its sense of self of how it was special and different on the eve of world war ii when america defended democracy from fascist dictatorship cornell s fifth president edmund ezra day and carl becker its preeminent historian discerned what they called a cornell soul a cornell character a cornell personality a cornell tradition and they called it freedom the cornell idea was tested and contested in cornell s second seventy five years cornellians used the ideals of freedom and responsibility as weapons for change and justifications for retaining the status quo to protect academic freedom and to rein in radical professors to end in loco parentis and parietal rules to preempt party raids pornography and pot parties and to reintroduce regulations to protect and promote the physical and emotional well being of students to add nanofabrication entrepreneurship and genomics to the curriculum and to require language courses freshmen writing and physical education in the name of freedom and responsibility black students occupied willard straight hall the anti vietnam war sds took over the engineering library proponents of divestment from south africa built campus shantytowns and latinos seized day hall in the name of responsibility and freedom the university reclaimed them the history of cornell since world war ii altschuler and kramnick believe is in large part a set of variations on the narrative of freedom and its partner responsibility the obligation to others and to one s self to do what is right and useful with a principled commitment to the cornell community and to the world outside the eddy street gate

the first thematically arranged collection of hume s political writings this new work brings together substantive selections from a treatise on human nature an enquiry concerning the principles of morals and essays moral political and literary with an interpretive introduction placing hume in the context of contemporary debates between liberalism and its critics and between contextual and universal approaches

Godless Citizens in a Godly Republic: Atheists in American Public Life 2018-08-21

by affirming the relativity of the american historical imagination political theorist michael j shapiro offers a powerful polemic against ethnocentric interpretations of american culture and politics deforming american political thought analyzes issues that range from the nature of thomas jefferson s vision of an egalitarian nation to the persistence of racial inequality shapiro offers a multifaceted argument that transcends the myopic scope of traditional political discourse deforming american political thought illustrates the various ways in which history architecture film music literature and art provide approaches to the comprehension of diverse facets of american political thought from the founding to the present using these seemingly disparate disciplines as a framework shapiro paints a picture of american political philosophy that is as distinctive as it enlightening shapiro explores the historically vital role of dissenting points of view in american politics and asserts its continuing importance in today s political landscape exploring such diverse works as slave narratives contemporary films genre fiction and blues and jazz music shapiro reveals that there have always been dissenting voices casting doubt on the moral purpose and exceptionalism of the american mind an unprecedented inquiry into american politics deforming american political thought will surely serve to reinvigorate discussions about the essence of american political thought

Cornell 2014-08-12

filling in the missing spaces left by traditional textbooks on american political thought reconsidering american political thought uses race gender and ethnicity as a lens through which to engage ongoing debates on american values and intellectual traditions weaving document based texts analysis with short excerpts from classics in american literature this book presents a re examination of the political and intellectual debates of consequence throughout american history purposely beginning the story in 1619 saladin ambar reassesses the religious political and social histories of the colonial period in american history thereafter ambar moves through the story of america with each chapter focusing on a different era in american history up to the present day ambar threads together analysis of periods including thomas jefferson s aspiration to create an empire of liberty the ethnic racial and gender based discourse instrumental in creating a yankee industrial state between 1877 and 1932 and the intellectual cultural and social forces that led to the political rise of ronald reagan and barack obama in recent decades in closing ambar assesses the prospects for a new more invigorated political thought and discourse to reshape and redirect national energies and identity in the trump presidency reconsidering american political thought presents a broad and subjective view about critical arguments in american political thought giving future generations of students and lecturers alike an inclusive understanding of how to teach research study and think about american political thought

Politics of English Jacobinism 2010-11-01

in the roots of democracy robert e shalhope traces the dramatic shifts in attitudes and behavior from before the revolution through the war itself and then on to the confederation period the creation of republican governments the making of the constitution and the conflicts of the 1790s

Signifying Woman 1994

in the face of ongoing religious conflicts and unending culture wars what are we to make of liberalism s promise that it alone can arbitrate between church and state in this wide ranging study john perry examines the roots of our thinking on religion and politics placing the early modern founders of liberalism in conversation with today s theologians and political philosophers from the story of antigone to debates about homosexuality and bans on religious attire it is clear that liberalism s promise to solve all theo political conflict is a false hope the philosophy connecting john locke to john rawls seeks a world free of tragic dilemmas where there can be no antighones perry rejects this as an illusion disputes like the culture wars cannot be adequately comprehended as border encroachments presided over by an impartial judge instead theo political conflict must be considered a contest of loyalties within each citizen and believer drawing on critics of rawls ranging from michael sandel to stanley hauerwas perry identifies what he calls a turn to loyalty by those who recognize the inadequacy of our usual thinking on the public place of religion the pretenses of loyalty offers groundbreaking analysis of the overlooked early work of locke where liberalism s founder himself opposed toleration perry discovers that locke made a turn to loyalty analogous to that of today s communitarian critics liberal toleration is thus more sophisticated more theologically subtle and ultimately more problematic than has been supposed it demands not only governmental neutrality as rawls believed but also a reworked political theology yet this must remain under suspicion for christians because it places religion in the service of the state perry concludes by suggesting where we might turn next looking beyond our usual boundaries to possibilities obscured by the liberalism we have inherited

The Roman Republic in Political Thought 2002

how do minds cause events in the world how does wanting to write a letter cause a person s hands to move across the page or believing something to be true cause a person to make a promise in actions and objects jonathan kramnick examines the literature and philosophy of action during the late seventeenth and early eighteenth centuries when philosophers and novelists poets and scientists were all concerned with the place of the mind in the world these writers asked whether belief desire and emotion were part of nature and thus subject to laws of cause and effect or in a special place outside the natural order kramnick puts particular emphasis on those who tried to make actions compatible with external determination and to blur the boundary between mind and matter he follows a long tradition of examining the close relation between literary and philosophical writing during the period but fundamentally revises the terrain rather than emphasizing psychological depth and interiority or asking how literary works were understood as true or fictional he situates literature alongside philosophy as jointly interested in discovering how minds work

Hume: Political Writings 1994-01-01

in this tightly organized collection of essays sixteen distinguished political theorists explore shklar s intellectual legacy focusing both on her own ideas and on the broad range of issues that most intrigued her the volume opens with a series of varied and illuminating assessments of shklar s conception of liberal politics the second part with essays on descartes and racine hobbes rousseau and laski emphasizes the relation between individual freedom and moral psychology in modern political thought the third part addresses contemporary issues such as the role of hypocrisy offensive speech and constitutional courts in liberal democracies the book concludes with an autobiographical essay by shklar that provides a vivid sense of her singular voice and personality

Deforming American Political Thought 2006-10-20

property rights and poverty political argument in britain 1605 1834

Reconsidering American Political Thought 2019-11-11

the spirit of the laws is without question one of the central texts in the history of eighteenth century thought yet there has been no complete scholarly english language edition since that of thomas nugent published in 1750 this lucid translation renders montesquieu s problematic text newly accessible to a fresh generation of students helping them to understand quite why montesquieu was such an important figure in the early enlightenment and why the spirit of the laws was for example such an influence upon those who framed the american constitution fully annotated this edition focuses attention upon montesquieu s use of sources and his text as a whole rather than upon those opening passages towards which critical energies have traditionally been devoted and a select bibliography and chronology are provided for those coming to montesquieu s work for the first time

The Roots of Democracy 2004

lienesch shows that what emerged from the period of change was an inconsistent combination of political theories the mixture of classical republicanism and modern liberalism was institutionalized in the american constitution and has continued ambivalent contradictory and sometimes flatly paradoxical to characterize american politics ever since originally published in 1988 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

The Pretenses of Loyalty 2011-07-06

this is a book that has long needed to be written in the period since the second world war a number of writers have drawn attention to the strong role played by a classical and medieval theory of natural law in edmund burke s political thought and have pointed to its foundation in a realist doctrine of metaphysics but no one so far as i am aware has until now undertaken a book length study of the metaphysical suppositions of burke s political philosophy in the present book joseph pappin iii supplies that need he is at odds with many if not most writers on burke among the statesman s latter day british compatriots steeped in an empiricist tradition they find it difficult to see in burke s thought anything more than an elevated utilitarianism embellished with theological and natural law trimmings to be sure but antirationalist and antimetaphysical in its substance as pappin points out burke was indeed vehemently opposed to the rationalism of his day which derived a political ideology by logical deduction from abstract ideas but to conclude from this that burke rejected metaphysics is to misunderstand him badly the question is not whether burke s political philosophy rests on a metaphysic but rather on what metaphysic it is based pappin s main goal in this study is as he says to determine that burke s political philosophy is grounded in a realist metaphysic one that is basically consonant with the aristotelian thomistic tradition perhaps more importantly he uses the metaphysics as an explanatory key to what burke actually wrote it is a key that fits the lock better than any other that scholars have offered the only proof of this statement of course is to read burke in the light of pappin s exegesis and to ask oneself if it does not reveal the unity the coherence and the meaning of burke s words with greater clarity and depth than any competing interpretation

Actions and Objects from Hobbes to Richardson 2010-08-30

in this third and final volume of his masterly biography maurice cranston traces the last tempestuous years of jean jacques rousseau s life from his brilliant authorship of the confessions the dialogues and the reveries to his controversial religious views from his notorious public quarrel with david hume in england to his clandestine return to france from his unsettled wanderings to his death in 1778 these and other critical events in rousseau s most embattled years are detailed in this sympathetic yet balanced portrait in 1762 with the condemnation of emile and the social contract harried by both church and state rousseau fled paris seeking refuge in neuchatel and england deemed a social outcast and beset by feelings of persecution and abuse not wholly unwarranted the philosopher turned in despair to the production of autobiographical works intended to reveal his essential innocence and integrity through this bitter introspection rousseau transformed his solitude into some of the most enduring literature of his time

Liberalism Without Illusions 1996-03

when in search of the republic was originally published in 1987 scholarly interpretations of the concept of virtue in the american founding were considered peripheral to mainstream political theory since then the authors arguments that public virtue civic responsibility and private morality were at the heart of the founding fathers political thought is now accepted by a growing number of contemporary political theorists this revised edition includes a new preface that places in search of the republic within the context of contemporary debates over the role of virtue and religion in early american political discourse this is a superb introduction for students and scholars

interested in learning about the moral political and constitutional theories of the founding fathers

A History of American Political Thought 1972

the language of argument uses particular words with particular sometimes shifting meanings though time it is true that politicians may act as though they are part of no particular ideological tradition but history shows that they mainly use an understood meaning to enhance their actions

Property Rights and Poverty 1990

how do poems and novels create a sense of mind what does literary criticism say in conversation with other disciplines that addresses problems of consciousness in paper minds jonathan kramnick takes up these vital questions exploring the relations between mind and environment the literary forms that uncover such associations and the various fields of study that work to illuminate them opening with a discussion of how literary scholarship s particular methods can both complement and remain in tension with corresponding methods particular to the sciences paper minds then turns to a series of sharply defined case studies ranging from eighteenth century poetry and haptic theories of vision to fiction and contemporary problems of consciousness to landscapes in which all matter is sentient to cognitive science and the rise of the novel kramnick s essays are united by a central thematic authority this unified approach of these essays shows us what distinctive knowledge that literary texts and literary criticism can contribute to discussions of perceptual consciousness created and natural environments and skilled engagements with the world

Montesquieu: The Spirit of the Laws 1989-09-21

the statesman and political philosopher edmund burke 1729 1797 is a touchstone for modern conservatism in the united states and his name and his writings have been invoked by figures ranging from the arch federalist george cabot to the twentieth century political philosopher leo strauss but burke s legacy has neither been consistently associated with conservative thought nor has the richness and subtlety of his political vision been fully appreciated by either his american admirers or detractors in edmund burke in america drew maciag traces burke s reception and reputation in the united states from the contest of ideas between burke and thomas paine in the revolutionary period to the progressive era when republicans and democrats alike invoked burke s wisdom to his apotheosis within the modern conservative movement throughout maciag is sensitive to the relationship between american opinions about burke and the changing circumstances of american life the dynamic tension between conservative and liberal attitudes in american society surfaced in debates over the french revolution jacksonian democracy gilded age values progressive reform cold war anticommunism and post 1960s liberalism the post world war ii rediscovery of burke by new conservatives and their adoption of him as the father of conservatism provided an intellectual foundation for the conservative ascendancy of the late twentieth century highlighting the burkean influence on such influential writers as george bancroft e l godkin and russell kirk maciag also explores the underappreciated impact of burke s thought on four u s presidents john adams and john quincy adams theodore roosevelt and woodrow wilson through close and keen readings of political speeches public lectures and works of history and political theory and commentary maciag offers a sweeping account of the american political scene over two centuries

New Order of the Ages 2014-07-14

the intellectual wellspring of modern political conservatism edmund burke is also considered a significant figure in aesthetic theory and cultural studies as a member of the house of commons during the late eighteenth century burke shook parliament with his powerful defense of the american revolution and the rights of persecuted catholics in england and ireland his indictment of the english rape of the indian subcontinent and most famously his denouncement of english jacobin sympathizers during the french revolution the portable edmund burke is the fullest one volume survey of burke s thought with sections devoted to his writings on history and culture politics and society the american revolution ireland colonialism and india and the french revolution this volume also includes excerpts from his letters and an informative introduction surveying burke s life ideas and his reception and influence in the nineteenth and twentieth centuries

The Metaphysics of Edmund Burke 1993

written at a time when furious arguments were raging about the best way to govern america the federalist papers had the immediate practical aim of persuading new yorkers to accept the newly drafted constitution in 1787 in this they were supremely successful but their influence also transcended contemporary debate to win them a lasting place in discussions of american political theory acclaimed by thomas jefferson as the best commentary on the principles of government which ever was written the federalist papers make a powerful case for power sharing between state and federal authorities and for a constitution that has endured largely unchanged for two hundred years
