Peace and Reform against War and Corruption. In answer to a pamphlet, written by A. Young, entitled: “The Example of France, a warning to Britain.” Second edition

1794

war is a man s game or so goes the saying whether this is true or not patriarchal capitalism is certainly one of the driving forces behind war in the modern era so can we end war with feminism this book argues that this is possible and is in fact already happening each chapter provides a solution to war using innovative examples of how feminist and queer theory and practice inform pacifist treaties movements and methods from the international to the domestic spheres the contributors propose a range of solutions that include arms abolition centring indigenous knowledge economic restructuring and transforming how we count civilian deaths ending war requires challenging complex structures but the solutions found in this edition have risen to this challenge by thinking beyond the violence of the capitalist patriarchy this book makes the powerful case that the possibility of life without war is real

Answer to Mr. Cobden on the Assimilation of War and Peace

1860

is peace an aberration the new york times bestselling author of paris 1919 offers a provocative view of war as an essential component of humanity named one of the ten best books of the year by the new york times book review margaret macmillan has produced another seminal work she is right that we must more than ever think about war and she has shown us how in this brilliant elegantly written book h r mcmaster author of dereliction of duty and battlegrounds the fight to defend the free world the instinct to fight may be innate in human nature but war organized violence comes with organized society war has shaped humanity s history its social and political institutions its values and ideas our very language our public spaces our private memories and some of our greatest cultural treasures reflect the glory and the misery of war war is an uncomfortable and challenging subject not least because it brings out both the vilest and the noblest aspects of humanity margaret macmillan looks at the ways in which war has influenced human society and how in turn changes in political organization technology or ideologies have affected how and why we fight war how conflict shaped us explores such much debated and controversial questions as when did war first start does human nature doom us to fight one another why has war been described as the most organized of all human activities why are warriors almost always men is war ever within our control drawing on lessons from wars throughout the past from classical history to the present day macmillan reveals the many faces of war the way it has determined our past our future our views of the world and our very conception of ourselves

Reflections on the War. In answer to Reflections on Peace, addressed to Mr. Pitt and the French Nation by Madame de Staël .

Translated from the original French

1796

a book that helps children understand one of the 20th century s most tragic conflicts answers their most basic questions about world war ii simultaneous

The Handy Civil War Answer Book

2014-03-24

acclaimed new york times journalist and author chris hedges offers a critical and fascinating lesson in the dangerous realities of our age a stark look at the effects of war on combatants utterly lacking in rhetoric or dogma this manual relies instead on bare fact frank description and a spare question and answer format hedges allows u s military documentation of the brutalizing physical and psychological consequences of combat to speak for itself hedges poses dozens of questions that young soldiers might ask about combat and then answers them by quoting from medical and psychological studies what are my chances of being wounded or killed if we go to war what does it feel like to get shot what do artillery shells do to you what is the most painful way to get wounded will i be afraid what could happen to me in a nuclear attack what does it feel like to kill someone can i withstand torture what are the long term consequences of combat stress what will happen to my body after i die this profound and devastating portrayal of the horrors to which we subject our armed forces stands as a ringing indictment of the glorification of war and the concealment of its barbarity

Report of the Secretary of War, Communicating, in Answer to a Resolution of the Senate, a Report and Map of the Examination of New Mexico

1848

when a serbian backed assassin gunned down archduke franz ferdinand in late june 1914 the world seemed unmoved even ferdinand s own uncle franz josef i was notably ambivalent about the death of the hapsburg heir saying simply it is god s will certainly there was nothing to suggest that the episode would lead to conflict much less a world war of such massive and horrific proportions that it would fundamentally reshape the course of human events as acclaimed historian sean mcmeekin reveals in july 1914 world war i might have been avoided entirely had it not been for a small group of statesmen who in the month after the assassination plotted to use ferdinand s murder as the trigger for a long awaited showdown in europe the primary culprits moreover have long escaped blame while most accounts of the war s outbreak place the bulk of responsibility on german and austro hungarian militarism mcmeekin draws on surprising new evidence from archives across europe to show that the worst offenders were actually to be found in russia and france whose belligerence and duplicity ensured that war was inevitable whether they plotted for war or rode the whirlwind nearly blind each of the men involved from austrian foreign minister leopold von berchtold and german chancellor bethmann hollweg to russian

foreign minister sergei sazónov and french president raymond poincaré sought to capitalize on the fallout from ferdinand s murder unwittingly leading europe toward the greatest cataclysm it had ever seen a revolutionary account of the genesis of world war i july 1914 tells the gripping story of europe s countdown to war from the bloody opening act on june 28th to britain s final plunge on august 4th showing how a single month and a handful of men changed the course of the twentieth century

Report from the Secretary of War, Answer to a Resolution of the Senate, in Relation to Desertion in the Army

How Everything Became War and the Military Became Everything

2016-08-09

eleven iconoclastic scholars take aim at many of the accepted interpretations of the civil war north in this provocative new anthology

War of the Worldviews

2005

the terms global and civil society have both become part of the contemporary political lexicon in this important new book mary kaldor argues that this is no coincidence and that the reinvention of civil society has to be understood in the context of globalization the concept of civil society is no longer confined to the borders of the territorial state whether one considers dissidents in repressive regimes landless labourers in central america campaigners against land mines or global debt or even religious fundamentalists it is now possible for them to link up with other like minded groups in different parts of the world and to address demands not just to national governments but to global institutions as well this has opened up new opportunities for human emancipation and in particular for going beyond war as a way of managing global affairs but it also entails new risks and insecurities this is a book about a political idea an idea that came out of the 1989 revolutions it is an idea that expresses a real phenomenon even if the boundaries and shape of the phenomenon are contested and subject to constant redefinition the study of past debates as well as the actions and arguments of the present is a way of directly influencing the phenomenon and of contributing to a changing reality if possible for the better the task is all the more urgent

in the aftermath of september 11 global civil society will be read by students of politics international relations and sociology as well as activists policy makers journalists and all those engaged in global public debates

Message from the President of the United States, Communicating, in Answer to a Senate Resolution of June 3, 1878, a Copy of Correspondence Between the Governments of the United States and Great Britain in Regard to Inviting Other Maritime Powers to Accede to the Three Rules of Neutrality Laid Down in Article VI of the Treaty of May 8, 1871

1879

this study is a pioneering exploration of how rabbis in the religious zionist community in israel constructed a body of jewish law on war it focuses on five leading rabbis in this camp and how they dealt with a number of key moral issues that the waging of modern war raised

The Cosmic Ocean

2015-09

Report of the Secretary of War, Communicating, in Answer to a Resolution of the Senate, the Correspondence in Relation to a Proposed Military Road from Dubuque to Fort Clark, in Iowa

1851

across the centuries how have christians who follow the prince of peace responded to the recurring reality of war and what guidance do they offer for believers today in the midst of global conflict in when god says war is right dr darrell cole offers thorough and highly readable answers his expert examination focuses on these topics relating the character of god with the use of force relating the character of god with the use of force determining when and how christians ought to fight understanding why christian virtues are vital when using force using nuclear weapons for deterrence learning lessons from world war ii vietnam and the 1991 gulf war responding to today s war against terrorism dr cole focuses on romans 13 where paul commands us to do what is right or good or noble in regard to our governing authorities who have legitimate war making authority in the case of war what is right for the christian this book answers that essential question

in today's war-stricken world Dr. Cole provides timely, trustworthy, and vitally needed guidance for Christians.

Feminist Solutions for Ending War

2021

This New York Times bestselling account of books parachuted to soldiers during WWII is a cultural history that does much to explain modern America. USA today when America entered World War II in 1941 we faced an enemy that had banned and burned 100 million books. Outraged librarians launched a campaign to send free books to American troops, gathering 20 million hardcover donations. Two years later the War Department and the publishing industry stepped in with an extraordinary program: 120 million specially printed paperbacks designed for troops to carry in their pockets and rucksacks. In every theater of war these small, lightweight Armed Services Editions were beloved by the troops and are still fondly remembered today. Soldiers read them while waiting to land at Normandy, in hellish trenches in the midst of battles in the Pacific, in field hospitals, and on long bombing flights. This pioneering project not only lifted soldiers' spirits but also helped rescue the Great Gatsby from obscurity and made Betty Smith, author of *A Tree Grows in Brooklyn*, into a national icon. A thoroughly engaging, enlightening, and often uplifting account. I was enthralled and moved. Tim O'Brien, author of *The Things They Carried*. Whether or not you're a book lover, you'll be moved. Entertainment Weekly.

War: How Conflict Shaped Us

2020-10-06

American history is people, events, places, documents, art, inventions, literature. In other words, American history is everything about the adventures of all Americans past and present. This book helps you learn about your nation's past by organizing its history around 10 themes. These themes help you understand events in the past and how they affect you today. p. xvi
